

K-LOVE is the only source that I know of, in my area, that plays the type of Christian music that I appreciate. I do not have to worry if my children are in the car with me because it is positive, clean, and uplifting music. Another Christian station in the area is supported by commercials and are at the mercy of the commercial writers who many times have only money as there motivation rather than helping people. My whole family listens to this music and I would feel a great loss if it was not available.

It is my belief that not only our community, but the whole country needs K-LOVE. K-LOVE brings light into so many peoples dark lives. It reminds us everytime we turn on the radio that there is something more important that we can focus on and will help keep us strong.

I live in Oregon, labeled as one of the most unchurched states in the nation and we also have the sad destinction of having the highest Methamphetamine use in the country. If that situation can get worse, I believe it would without the support and hope that people receive from sources like K-LOVE.

Again, I think the service provided by K-LOVE is in the publics best interest as it provides hope and support for the few of us that want life to be better and believe that God is the answer to that desire. I do not want to put other music or lifestyles down or change them, I just believe that there should be resources for all beliefs and K-LOVE provides that for me and my community. Thank you for your consideration of this comment in support of the best station on the air, K-LOVE. <><
